Terms and Conditions Governing Our Sales

TERMS

All accounts for general orders of **Vegetables and Flower Seeds** are due **June First, 1905**, without regard to date of purchase. Goods purchased after June 1st are Net Cash on October 1st, and after October 1st, Net Cash on January 1st, following. A discount of 1 per cent per month will be allowed on general bills of Vegetables and Flower Seeds only. Bills of Beans, Corn or Peas, when purchased alone, orders on special quotations and orders of special items are due in 60 days from date of invoice, or a discount of 1½ per cent allowed if paid in 10 days from date of invoice.

These bills become due immediately, without notice, when purchaser suspends payment, sells out, removes or is closing out.

Grass, Clover, Farm and Field Seeds, Grain, Onion Sets, Potatoes, Poultry Supplies, Slug Shot, Fertilizers, etc., are sold for **Cash, No Discount**, at prices ruling from store the day of shipment, and are payable on demand at our option.

ERRORS AND SHORTAGE.

These should be reported at once, on receipt of shipment. No claims of this character will be considered at expiration of time for payment.

REMITTANCES.

Goods are priced on basis of having all payments made us in funds which pass at par with our city banks. The Clearing House Association control these collection charges; we have no option in the matter and should not be compelled to pay collection charges on checks drawn on your local bank when the remitter can frequently avoid it altogether—neither should we be compelled to pay collection charges on our sight drafts.

CONTAINERS AND DRAYAGE.

Bags, Barrels, Boxes, Crates and Cotton Bags charged for at value, and are not returnable.

No drayage charged on Garden Seeds. Drayage always charged on Grass Seeds and all other goods. Our prices are made without including this expense.

Satisfactory Reference Required from unknown correspondents asking for credit.

SHIPPING.

When no such instructions are given, we shall exercise our best judgment; but we do not assume any responsibility, either for delay or otherwise, after the goods leave our hands—the shipping receipt being our voucher that the goods were received in good order.

Our location and facilities for prompt execution of orders, give us preeminently an advantage over more distant seedsmen. We make a study of quick shipment, and besides offering a large and varied assortment, we enable our customers to take the utmost advantage of a favorable season, with minimum risk of carrying over seed stock.

WE GUARANTEE SAFE DELIVERY.

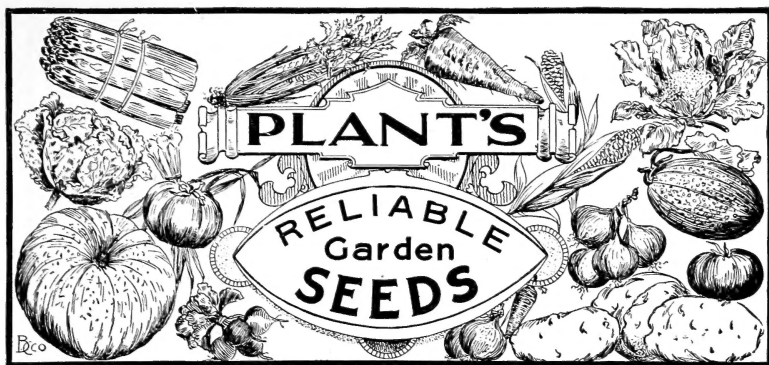

of express and freight shipments, with the condition that you take proper notations from agents where packages are plainly damaged when received. But we cannot assume any responsibility for delay in transit.

OUR WARRANTY.

We use every effort possible in the selection of our seeds, and feel justified in saying that all our seeds are the **purest** and **best** to be found, but, at the same time, **Plant Seed Company** give no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

Plant Seed Company,

St. Louis, Mo.

We Are Not Bound by these Prices for any Definite Time and Quantity.

SHALL ALWAYS APPRECIATE THE OPPORTUNITY OF QUOTING SPECIAL PRICES TO LARGE BUYERS.

Material sent with all General Orders to help the sale of our Goods. ♦ ♦ ♦ ♦

We send a supply of 32-Page, Illustrated, Descriptive Catalogs in number according to the size of the order, also Show Cards and Signs.

With each order of bulk seed we always send extra gummed labels for pasting on seed drawers or jars. We can supply labels of about 100 varieties bearing a colored illustration of the vegetable, and same will be sent on request.

WE SEND OUT NO SEED ON COMMISSION.

This is the earliest, smooth, bright red variety of good size now in cultivation. Grows in clusters of 5 to 8, fruit averaging 2 to 2½ inches in diameter and generally smooth.		
MAGNUS	1 50	1 60
This distinct variety, of the color of Acme and Beauty, is one of the very best additions to the Tomato family. It is fully as early, thicker, heavier and more solid than either of these named. Ripens evenly, does not crack and is firm enough to be a good shipper. Our seed is grown by the originator.

Order must total 1,000 vegetable packets to secure this special price.

Empty Display Cases, to place on counter, holding 600 to 800 packets, at \$1.00 each, and only sent when ordered. (See picture below.)

Your case replenished with vegetable packets at 1½ cents each, in any quantity desired.

An order sheet showing list of varieties we put up in packets will be mailed upon application.

Our packet seeds are not sent out on commission.

It will not take much thought or figuring to demonstrate that you can reap much larger profits by handling these packets than you can the commission seeds.

Nearly all houses who send packets out on commission pay 40 per cent—this makes their packets cost you 3 cents each. Our price saves you \$20.00 for every thousand packets you sell. Is it worth saving? Figure it out for yourself.

Besides this you can make your own selection of seed and purchase just the varieties your trade wants.

If you wish us to make up your assortment, we will send as follows:

Named Varieties of Sweet Peas.

AMERICA—White, heavily striped blood red. The most showy striped.

AURORA—White, magnificently flaked and striped orange.

BLACK KNIGHT—Very deep maroon, almost black. Large expanded flowers.

BLANCH BURPEE—Originated by Mr. Eckford; one of the best white sorts.

BLANCH FERRY—The popular pink and white variety.

COCCINEA—Pure cherry red. A new and beautiful color.

COUNTESS CODOGAN—Light bluish purple, clear blue wings; large size.

DOROTHY TENNANT—Rosy mauve. Large size and of fine form. Very popular.

GRAY FRIAR—White watered and dotted reddish lilac, odd, quite pretty.

KATHARINE TRACY—A lovely bright pink. Stands hot sun better than others.

LADY GRISEL HAMILTON—Attractive light lavender blue. Extra large flowers.

LOTTIE ECKFORD—White edged and suffused blue. Frequently double.

LOVELY—Soft shell pink, of good form and large size. Well named.

MISS WILLMOT—Of the richest orange pink. Large.

NAVY BLUE—The only true blue variety. Beautiful.

OTHELLO—Termed the best dark Sweet Pea. Deep maroon.

ORIENTAL—Bright pink, suffused with orange and primrose.

PRIMA DONNA—The best light pink; graceful form and long stems.

PRINCE OF WALES—Bright rose pink. Large, beautiful hooded flowers.

QUEEN VICTORIA—Light primrose yellow, slightly overlaid with faint purple.

RAMONA—White, flaked and striped pale pink. Grand, large flower.

ROYAL ROSE—Deep rosy pink. Wings a charming lighter shade.

SALOPIAN—The best red for general purposes. Long stems.

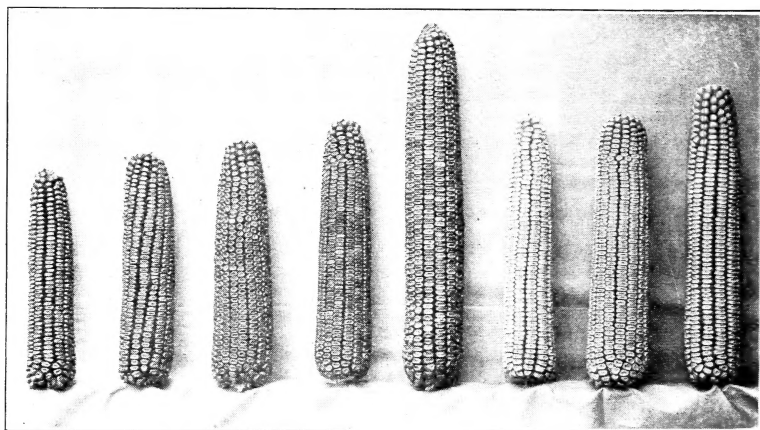

SENATOR—Deep purplish maroon, striped white.

STELLA MORSE—Cream color, with delicate rose pink flush. Exquisite.

Price on all of above named varieties of Sweet Peas, 1 oz., 5c.; 4 oz. for 10c; ½ lb. for 15c; 1 lb. for 25c; 5 lbs. for 90c.

PLANT 'S SELECTED FIELD CORN.

No crop is of equal value to the country and every progressive farmer is desirous of securing improvement in his yield. The stock we have selected in the ear especially for planting, and the difference in cost for selected seed is about 15 cents more per acre than ordinary corn costs.

1. 2. 3. 4. 5. 6. 7. 8.

YELLOW DENT VARIETIES.

ECLIPSE (No. 4).

A variety that has been carefully bred for a series of years, resulting in a firmly fixed type. Is a vigorous grower, and has proved itself very productive in a variety of soils and climates. The ear is nine to eleven inches long, with sixteen to twenty-six rows of long, broad orange-yellow kernels and well filled butts and tips. Matures in about 105 days. Our supply was grown by the originator. Without exception this variety has given greater satisfaction to those buying it than any variety we have ever handled.

PIASA QUEEN (No. 5).

Will grow to an immense size under favorable conditions; frequently produces two large ears on a stalk. Is especially adapted to rich bottom soils. Ears 14 to 16 inches long, bearing 18 to 26 rows of long, broad, rich yellow kernels.

LEAMING (No. 3).

Almost too well known to need description. One of the best general purpose varieties in use to-day. Classed as 100 to 110-day in ripening. Have known it, under favorable conditions, to mature in less time. Any farmer wishing to plant for general crop cannot do better than when he selects this variety.

IOWA GOLD MINE (No. 2).

Medium early, ripening a few days later than Pride of the North. Ears of good size and symmetrical. Color, a bright golden yellow. Grain very deep; cob small and therefore dries out very quickly as soon as ripe.

PRIDE OF THE NORTH (No. 1).

A very popular 90-day Yellow Dent variety, with small cob and grain. Can be planted very close, and for this reason will frequently produce as much per acre as the larger sorts.

WHITE DENT VARIETIES.

BOONE COUNTY WHITE (No. 7).

Much prominence has been given this variety recently by the Illinois State Corn Breeders' Association. It is a pure White Dent Corn, long, broad kernels, setting closely on the cob, with well filled butts and tips. Matures in about 105 days.

IOWA SILVER MINE (No. 8).

This variety possesses many of the characteristics which have made the Iowa Gold Mine such a favorite, except in color—being a pure white, with deep grain and a small cob. Stalks grow 8 to 10 feet in height, and ears set well down toward the ground. Medium early.

CHAMPION EARLY WHITE PEARL (No. 6).

An extra early pure White Dent variety. Very productive and exceedingly heavy, maturing in 90 to 100 days from the time of planting. The grain is extra deep and wide, two of which will more than span the cob, which is small.

ST. CHARLES.

An old, well-known variety. Is particularly adapted to bottom land, but does well on prairie or upland in a favorable season. A valuable sort for ensilage, owing to its heavy leaf growth. Grains are pearly white, deep, and set on a red cob, with 18 to 24 rows.
